CHINESE PANEL

Product Code: N9012190001 (2190/01)

I have been obsessed by hand painted Chinese wallpaper panels since I first came across the renowned examples at historic Belton House in the UK, at the age of 12. Such papers have been endlessly reproduced, beautifully and authentically, so I decided I wanted to make a no.9 version. Fantastical birds, butterflies and flowers emanate from softly painted plant life, all framed by sashaying bamboo to the sides. A dramatic trellis wainscoting to the base is sketched in with a thick, loaded brush. The panels are a huge 3.4m high to give our clients as much flexibility as possible. If the panels are too tall just cut off the trellis and make it into a Roman blind or cushions!
